

Submitting Cancellation Requests In Console

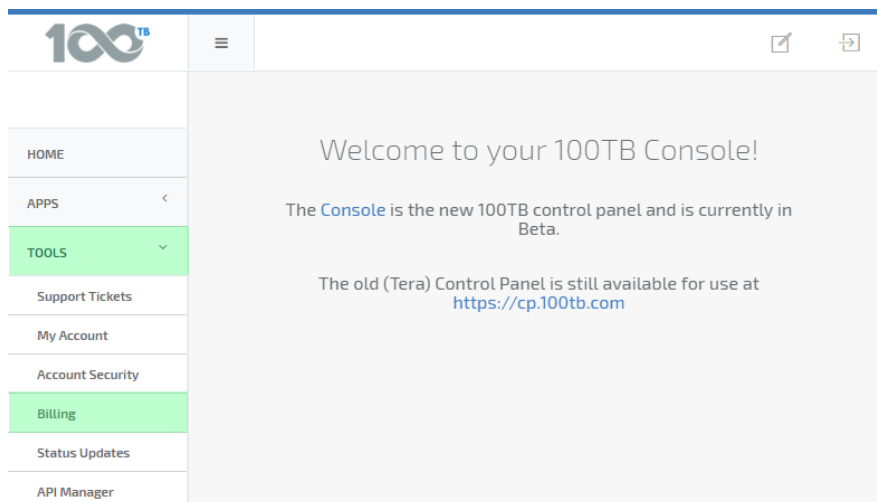

Have a service you no longer need or use? You can quickly submit a cancellation in your Console account.

Log into your Account: <https://console.100tb.com/#/>

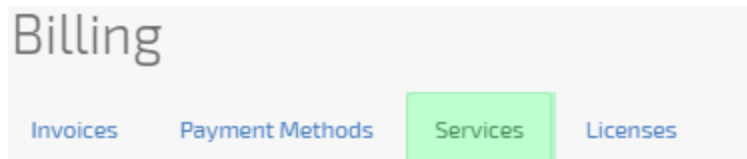

The screenshot shows the 100TB logo at the top. Below it are two tabs: "LOGIN" and "SIGN UP". The "LOGIN" tab is active. The form contains three input fields: "Username" with the value "example@gmail.com", "Password" with masked characters, and "OTP Key Pin" with the text "(if required)". Below the fields is a "Login" button and a "Forgot Password?" link.

Expand the "TOOLS" tray from the menu on the left hand side of your screen, and then click on the "Billing" tab:

The screenshot shows the 100TB console dashboard. On the left is a navigation menu with items: HOME, APPS, TOOLS (expanded), Support Tickets, My Account, Account Security, Billing (highlighted), Status Updates, and API Manager. The main content area displays a welcome message: "Welcome to your 100TB Console! The Console is the new 100TB control panel and is currently in Beta. The old (Tera) Control Panel is still available for use at <https://cp.100tb.com>".

When the "Billing" page loads, find the tab at the top and click on "Services".

The screenshot shows the "Billing" page with a navigation bar containing four tabs: "Invoices", "Payment Methods", "Services" (highlighted), and "Licenses".

You should see a list of your current and active services. If the service is available to cancel, you'll see a red "Cancel" button to the right of the service.

Billing Console / Tools / Billing

Invoices **Payment Methods** **Services** Licenses

ID	Description	Started	Price
SW0000	1 Core / 0.5GB RAM / 25GB SSD / 2TB Bandwidth--Setup Fee	11/30/2016	\$0.00 Cancel
SW0000	1 Core / 0.5GB RAM / 25GB SSD / 2TB Bandwidth	11/30/2016	\$5.00

EXAMPLE

A confirmation window will then pop-up. You may need to check that you don't have any pop-up blockers installed on your browser. If you do have a pop-up blocker installed, then allow console.100tb.com to show pop-ups. You must complete the fields with the necessary information in order for the cancellation request to be finalized.

STEP 1: Once you see the pop-up, select a cancellation reason from the drop down.

Confirm cancellation of service # XXXXXXXX

We're really sad to hear you're cancelling this service. Is there any particular reason why?
